Ironworks Events Center

The building that is now home to the Ironworks event center (25 Larimer St) is a popular event venue and where the awards dinner will be held. However, it was originally the home of **Midwest Steel & Ironworks.**

That business was started by the grandfather of my graphic designer for 25 years, **John Lumpp with Windgate Design!** In fact, this is where his parents met. Small world, right!

I enthusiastically recommend John for your graphic design needs from logos, to packaging, to digital media. He is part of Denver history.
